

PRODUCT INFORMATION AND SPECIFICATIONS

PRECISION DISPENSING CORES

PRECISION DISPENSING CORES

These Patented Precision Dispensing Cores offer further cost savings over complete nozzle replacement.

Use of these cores in combination with our Re-usable hub will eliminate full component replacement costs and time consuming cleaning processes.

The unique slotted taper allows easy installation and removal of dispense cores.

FEATURES

- Added cost savings
- Quick replacement
- Ideal for high volume manufacturing
- Reduce or eliminate cleaning time
- Available in all size offerings
